## The Maturity Continuum®

Each habit is based on universal principles and paradigms of effectiveness, with practices that move learners from dependence and independence to interdependence.

### Private Victory® | Habits 1-3

Emphasises personal mastery, defining desired outcomes and focusing efforts to lay the internal groundwork for success.

### Public Victory® | Habits 4-6

Fosters collaboration and synergy with others, building strong relationships that allow us to accomplish more together than we could alone.

### Renewal | Habit 7

Emphasises the need for self-renewal and continuous improvement to succeed in and sustain the other habits.

Challenge	Solution
Individuals have inconsistent motivation and engagement, and are hesitant to take initiative or responsibility for results.	Improve individual effectiveness and build character that leads to lasting behaviour change.
Team communication is poor, with frequent friction and frustration.	Establish more collaborative and creative teams that generate new ideas and achieve breakthrough results together.
A lack of strategic organisation creates islands between individuals, teams, and departments.	Create an opportunity for team members to thrive by developing a shared language and winning culture.

Habit	Learners will be able to:
Foundations	Evaluate their paradigms and align to principles of effectiveness.
Habit 1: Be Proactive®	Assume responsibility and focus on the things that can be influenced rather than what can't.
Habit 2: Begin With the End in Mind®	Define clear measures for success and create a plan to achieve them—in the next few hours, over the next few months, or across a lifetime.
Habit 3: Put First Things First®	Prioritise and spend time on achieving the most important goals.
Habit 4: Think Win-Win®	Approach each situation looking for ways everyone can win.
Habit 5: Seek First to Understand, Then to Be Understood®	Listen, understand, and honor others' perspectives, and have the courage to express thoughts and feelings respectfully.
Habit 6: Synergise®	Leverage diverse perspectives to solve problems, innovate, and achieve more than any one individual alone.
Habit 7: Sharpen the Saw®	Increase motivation, energy, and vitality by making time for renewal activities.
